

Questions for Tony Cunningham  
Marion County Utilities Director

Date: 02/22/25

Greetings, Tony, as a followup to previous questions and your replies, please advise on the following.

1. What are the size of the mains? If different sizes please list.
2. What are the size of the interceptors? If different sizes please list
3. What size, depth and width are the lift stations individually? If different sizes please list.
4. Like copies of the daily flow report detailing velocity and volume?
5. Need copy of the Discharge Monitoring Report 5-years?
6. Need CMAR (Maintenance annual report 5-years?)
7. Copy of original permit and renewals?
8. Size of splitter Boxes?
9. Size of force main valves?
10. Please include Committee Member Neil Rehas in Marion County's design and concept planning for the existing infrastructure issues and the expansion of this facility as an Oak Run liaison?

In advance thank you,

Ana Ortiz-Warga - Seniors Working Together Oak Run
